

# Lots of Action at Hope and Possibility

More than 200 participants turned up for the first Lion Hope and Possibility event at North Harbour Stadium on Sunday, 4 December.

Ten years ago the first Hope and Possibility Event took place in New York and 200 people participated in that event. Today an average of approximately 5000 people participate in the New York Event.

The whole idea of the Hope and Possibility event is to bring disabled athletes and athletes without any disability together.

One only had to spend half an hour at the event on Sunday to realize just how important this event was.

Young and old enjoyed themselves. Some people helped those who couldn't do it all by themselves. There were children running, children on bicycles, children in wheelchairs.

At the end of the race everyone received a medal for their efforts and there were some very proud faces. Well done everyone! Let's make it a 1000 entrants next year!

And away they go....
